16: Firebase

CERTIFICATIONS

Sep 2021 - Aug 2022 Certificate in Web
And Mobile App Development from Saylani

OBJECTIVE

As a highly motivated and skilled web developer with a proven track record in creating dynamic, responsive, and user-friendly websites, my goal is to secure a challenging role that allows me to leverage my expertise in both web and mobile app development. With substantial experience in developing innovative digital solutions, I am particularly passionate about Flutter and cross-platform mobile application development. I am dedicated to delivering exceptional results, driving project success, and collaborating effectively with a team. My ultimate objective is to continue growing professionally, expanding my technical skills, and contributing to projects that push the boundaries of technology and user experience.

WORK EXPERIENCE

● Bixosoft Software House

Team Lead | Senior Flutter Developer
| MERN Stack Developer

September 2021 - Present

- Lead a dynamic team of developers, managing project timelines, coordinating with cross-functional teams, and ensuring the delivery of high-quality software solutions.
 - Oversee and mentor junior developers, fostering their growth through regular feedback, training, and best practices.
 - Develop and maintain scalable mobile applications using Flutter, optimizing performance and ensuring a seamless user experience.
 - Architect and build full-stack web applications with the MERN stack (MongoDB, Express.js, React, Node.js), from initial design through to deployment.
 - Collaborate with clients to define project requirements and deliver custom solutions that meet their business needs.
- Implement and uphold coding standards, code reviews, and agile methodologies to ensure efficient and effective development processes.

● CSoft Software House

Frontend Website Developer

March 2021 - August 2021

As a Frontend Developer Intern, I contributed to building and maintaining responsive websites using HTML, CSS, and JavaScript. I worked with senior developers to convert design mockups into functional web pages, participated in code reviews, and resolved front-end issues. This experience enhanced my skills in version control and agile development practices.

EDUCATION

● Government College University Faisalabad

BS Computer Science

Sep 2019 - Sep 2023

-- Graduated with a degree in Computer Science, acquiring a solid

Mass IT Program from Faisalabad.

November 2021: Certificate in Responsive web desing from FreeCodeCamp.

foundation in software development, algorithms, data structures, and computer systems. Gained practical experience through coursework, projects, and internships, enhancing skills in programming languages, web development, and problem-solving.
